Magdalene have had a wonderful time in Forest School. Groups of the children demonstrated excellent teamwork creating rope webs.

MATHEMATICS
We have been learning how to use protractors to measure angles. Here you can see us using masking tape and drawing on our tables to measure the angles we made.

In Art and DT we have been creating houses of the future. We thought like architects thinking about what materials to use to design and build our dream homes.

We have been playing handball in PE. We worked incredibly hard on our team playing skills and had several successful matches.
