

In Art, we have focused on shape and colour. We have been inspired by Henri Matisse's 'Painting with Scissors' technique to make our own response in collage.

In Science, we have been learning about rocks and fossils. We have looked at the 3 types of rock: sedimentary, metamorphic and igneous, and identified their main properties through scientific investigation.

This month's Super Learners

Robinson: Zara, Freddie, Sev, Daniil, Amal, Jean, Hoda and Payton Darwin: Avanna, Tarik, Aavir, Lylah, Mili, Hana, Ryan and Evie

Well done for all of your hard work in May!

In English this month, we have used our geographical knowledge to write information explanation texts about mountains and earthquakes.

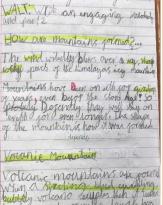

al if the address In Maths this

month, we have continued our work on fractions. We focused on adding, subtracting and ordering fractions before moving on to equivalent fractions.

mantains tamed? The Mountains Were of years come This Means They were " bley Onthe Stone age town all mantains These made is differ the type, ogo mouto Them way That because by They are.
