

# in Year 4

## Our Superstar Learners

### Progress

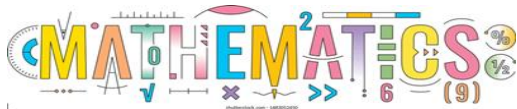

Eli, Liad, Sophia, Idris, Oliver, Azra

### Achievement

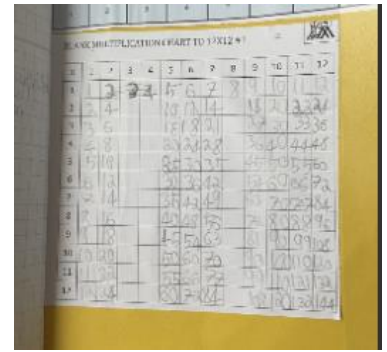

Vishnu, Ryan, Mili, Harley, Jevindu, Arzo

### Reader of the month

Wyatt

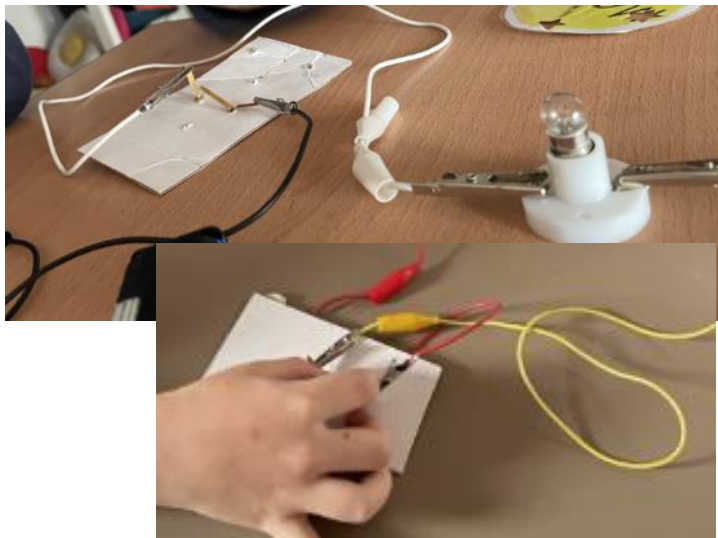

Learning of a times tables has continued this month. The classes have been creating their own multiplication grid to support themselves.

Getting into the festive spirit, all Year 4 pupils took part in a recycling workshop. They created their own Christmas decorations from old plastic bottles!

The children have enjoyed an added challenge to their science this month, having to create their very own working switches. There was lots of fantastic problem solving skills within the lessons!

In English, we have been creating our own non-chronological reports. Children have been working on creating catchy introductions and adding additional information!
